P-C2650DW

Its unobtrusiveness is quite noticeable.

Are professional colour prints essential for your work? And is it just as important that your printer doesn't take up too much space at your workplace? Do you also need your printer to be able to adapt extremely flexibly to your existing infrastructure? If so, the P-C2650DW is the perfect choice. Thanks to its small size, this compact colour printer is perfectly suited for all workplaces. Integrating the printer into your LAN or WLAN is quick and easy. Afterwards, it's available to all users and can start working immediately. And when you find your first high-resolution printouts in your output tray, your delight at the high level of capability and performance will only increase.

What you can expect:

Productive through and through: The short warm-up time and print speed of 26 A4 pages per minute ensure fast, high-quality colour prints and increase your efficiency enormously. Even if you suddenly run out of colour toner, this will hardly affect your productivity as the printer does not interrupt the print job, but continues to print up to 30 pages in black and white – saving valuable time. The P-C2650DW also scores highly when it comes to mobility. The free Mobile Print app provides mobile device access and allows you to print your documents while on the move within the same wireless network.

Quality assured: The secret to its high-quality colour printing is the high print resolution of 1,200 x 1,200 dpi, which ensures that your printouts impress with the finest quality. Challenging tasks such as graphical displays and fine lines pose no problem for the P-C2650DW. The printer produces sharp typefaces and image details that you would hardly have thought possible. These print results add the finishing touch to your work.

Adaptable: In addition to the built-in Gigabit Ethernet interface, the Wi-Fi-interface, which is likewise included, also allows the printer to be seamlessly integrated into existing infrastructures. The Wi-Fi-function of the P-C2650DW gives you the freedom to position your printer wherever you can receive a Wi-Fi-signal. Other positive side effects include fewer cables and greater expandability.

Unobtrusive: The very compact dimensions of the P-C2650DW make it small enough to be placed anywhere without disturbing or standing out too much. This leaves you with more pure work space that you can use for more important things. A further advantage is that you're hardly aware of the printer even when it's working flat out thanks to its modern technology and construction. If 'hardly aware' is still too much, you can activate the 'Quiet mode' function by simply pressing a button. The low energy consumption of the P-C2650DW ensures it also leads the way when it comes to the environment and cost efficiency.

Colour printer / A4

P-C2650DW

Technical data

General

Type	Desktop
Function	Print
Print technology	Laser colour and b/w
Print format	max A4
Print speed	max 26 A4 pages/min in colour and b/w, duplex: max 13 A4 pages/min in colour and b/w
1st page	Colour: 10.5 seconds*, b/w: 9.5 seconds*
Warm-up time	29 seconds*
Print resolution	600 x 600 dpi, 9,600 x 600 dpi level, 1,200 x 1,200 dpi (reduced speed)
Greyscales	256
Paper feed	1 x 250 sheet universal cassette (A6R-A4), 50 sheet multi-bypass (A6R-A4)
Paper weights	Universal cassette 60-163 g/m², multi-bypass 60-220 g/m², duplex 60-120 g/m²
Paper output	150 sheet A4
System memory	512 MB RAM, max 512 MB RAM
Processor	Cortex-A9 / 800 MHz

General

Interfaces	USB 2.0, 10/100/1000BaseTX, USB host, SD slot, Wi-Fi
Network protocols	TCP/IP, NetBEUI
Operating systems	Windows XP, Vista, Windows 7/8/8.1/10, Server 2003/2008 R2/2012 R2, Linux, Mac ex OS 10.5
Emulations	PCL6 (PCL5c, XL), KPDL 3 (PostScript 3 compatible), PRESCRIBE IIc, PDF 1.7, XPS, Open XPS
Functions	Colour Optimiser, USB direct printing, printing of e-mails, private printing, quiet mode (half speed mode), barcode printing, Mobile Print (Android/iOS)/Apple AirPrint, Google Cloud Print, Wi-Fi Direct®

Dimensions/Weight

Dimensions	329 x 410 x 410 mm (H x W x D)
Weight	approx. 21 kg

Environment

Mains voltage	220/240 V, 50/60 Hz
Power consumption	approx. 1,063 W max, approx. 375 W in operation, approx. 33 W in stand-by mode, approx. 0.9 W in sleep mode, TEC value: 0.30 KWh/week
Noise level	approx. 47.4 dB(A) in operation, stand-by mode: immeasurable (ISO 7779/9296)
Safety	GS/TÜV, CE

Options

Paper feed	max 1 x PF-5110 (250 sheet universal cassette [A6R-A4, 60-163 g/m²])
Other options	Card authentication kit (B), UG-33 ThinPrint® kit, cabinet no. 77
